

## CERTIFICATE OF COMPLIANCE

We hereby certify that we, **A.M. RAMP & Co. GMBH**, D-65817 Eppstein produce and market

**SERIES 380DD**

According to information of our raw material suppliers the ingredients of our products contain less than 100 ppm for the total of lead, cadmium, mercury and hexavalent chromium. This is why they meet the regulations of the German Packaging Law from 21.08.1998, the European Packaging Regulation 94/62/EG and the CONEG Regulations. We do not use any ingredient with the mentioned metals being a constitutional part thereof.

The products can be applied for outside decoration of food packaging under the requirement of technical suitability and consideration of our manufacturing hints. The demand of paragraphs 30 and 31 of the Food and Commodity Law is met with properly manufactured commodities.

According to information of our raw material suppliers the ingredients of our products meet the limits for migration of certain elements given in DIN EN 71/3 as well as ASTM F963-95, (migration of certain elements).
